

OLYMPIC PENINSULA HOME CONNECTION
CRESCENT SCHOOL DISTRICT

**Annual Assessment
2018-2019 School Year**

Student Name: _____

Washington State requires each student to be assessed by the school district—full time and part-time students. OPHC offers four options, as set forth below.

Please check the assessment you will use:

- Participation in the state mandated assessments for grades 3,4,5,6,7,8 and 10 (required for 1.0 FTE students)
- Develop portfolios (examples of student work) for each of the subject areas covered in the WSLP. This will require the development of a sample portfolio that can shared. It would help guide the student and parent. The portfolios are to be shared with your advisor in late January or early February and then again in late May.
- Participation in individual student CSD assessments in September, February and June.
- Participation in ITBS testing, the fees for which are paid for with allocation funds.

Parents are to state their preferred assessment plan annually at the time of enrollment.
