

Crescent School Kindergarten

Why choose Crescent School for Kindergarten?

- Small class sizes
- All the services of larger districts with a family-style, close knit community feel
- Caring, well-trained, and dedicated staff and administration

What current parents are saying about the program?

"Kindergarten at Crescent with Ms. Serrienne has been wonderful for my son! I love the size of the class and how much individual attention each student gets. You can tell the teachers really care about the students. They always have the most fun and my child has developed a deep love for school! The sense of community at crescent is wonderful and can't be found anywhere else!"

-A.L.

"Every single day, my son amazes me with how much he has learned in just 8 short months. His handwriting has improved immensely, he whizzes through math homework, and he can read books to me with ease. He's excited to catch the bus every morning and loves telling me all about his day, as soon as he gets home. With a small class size and wonderful educators, there is no better kindergarten option than Crescent in the county. Ms. Serrienne and Crescent School, offer the perfect combination of a fun, challenging and rewarding experience."

-A.M.

"This has been an exciting year of discovery, learning, and unexpected surprises! Our daughter has loved Ms. Serrienne as a teacher, and is thrilled to come to school every day. She is excited about learning and has a strong foundation for continued success!"
